# Why do we exist?... Why customers love us?

We filled a huge void in the marketplace by creating a company that truly empowers its' customers to set high expectations and then offer the “right solutions” to achieve target objectives at the “best price”.

# Who are we?

ITPN is a top quartile global Information Technology firm that offers advisory, consulting and end to end IT competency services to Fortune 500 and mid-size customers across the United States of America and Europe. Consistently delivering ingenious solutions and incredible business results to customers by offering comprehensive information technology solutions, superior technical knowledge, skilled talent, cutting-edge accelerators and world class account management experience at the best price is an integral component of our business operating model.

The screenshot displays the MyGenie website interface. At the top, there is a navigation bar with the MyGenie logo, a search bar, and various icons for Home, Ideas & Views, Find Products, Chat, Notifications, Favorites, Cart, and Sign Out. Below the navigation bar, there are three dropdown menus for 'Please Select Location', 'Please Select Proficiency', and 'Please Select Role'. The main content area is divided into three columns. The left column contains a sidebar with a user profile for Amit Dutta, CEO, and a list of menu items: My Projects, Post Job, Genie Acquisition Mgmt, Saved Genie, Genie Tracker, Product Tracker, Demand Forecast, Account Settings, Benefits, Training, Competency Services, and Reports. The middle column displays a list of team members with their names, roles, specializations, locations, and proficiency levels. The right column shows a detailed profile for sumon kundu, including his information, skills, and a brief summary. The bottom of the page features a footer with social media icons, a list of links (About us, Contact us / Help, Policies, Blog), and a copyright notice for 2020.
